

Department of Organic Chemistry
Faculty of Science,
Palacký University, Olomouc together
with IMTM

Would like to invite you to the seminary with the following speakers:

Prof. RNDr. Jan Hlaváč, PhD.

With topic:

„Multifunctional Fluorescent Probes”

doc. RNDr. Miroslav Sural, PhD.

With topic:

„Shooting with Drug-Like Molecules Using SPS”

RNDr. Naděžda Cankařová, Ph.D.

With topic:

„Chiral Molecular Framework with Three-Dimensional Architecture”

Mgr. František Zálešák

With topic:

„Playing with Sulfones”

Mgr. Jiří Hodoň

With topic:

„Synthesis of Modified Triterpenoids and Study of Their Mechanism of Action”

Mgr. Veronika Šlachtová

With topic:

„From Antituberculoitics to Various Aminobenzoxazoles”

Seminar will take place on Friday October 26th at 9:00 in meeting room 1.09 at IMTM,
Hněvotínská 5, Olomouc
